Mr. Sandy Maier
President, The Ivy Network
242-A Yale Station
New Haven, Conn. 06520

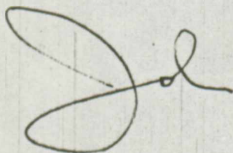

Dear Sandy:

Thank you for the information sent to me October 3 and for your support. Breifly, our fight began last February when our station became disenchanted with the conduct of the prexent Board of Directors of IBS. Our complaint stemmed from the fact that no one has seen the books of IBS in two years, despite the demands of others on the Board. In a letter dated 17 April 71, we proposed a counter nomination slate which was ignored. What happened after that can be found in Billboard.

I would like you to ask your stations to be sure and vote in the upcoming election. It is their right to vote and to nominate candidates. We also need financial support, could you ask your members to pass the hat? They have all recieved the "Serve College Radio" literature.

Thanks again for your support in this matter. If I can supply any information regarding our struggle to you or any of your stations, please don't hesitate to call or write.

Regards,

*P.S. Expect some grief from
WBRU and WLRN. They're
friendly to the opposition
